Chapter 7 Sign up. Now that we have a working User model, it's time to add an ability few websites can live without: letting users sign up. We'll use an HTML form to submit user signup information to our application (Section 7.2), which will then be used to create a new user and save its attributes to the database (Section 7.4). At the end of the signup process, it's important to render ...

Personal questions can also encourage people to be more thoughtful in their engagement with particular objects. In 2007, Exploratorium researcher Joyce Ma published a brief formative study on Daisy, an artificially intelligent computer program that engages visitors in text-based conversation. Daisy is a "chatbot" with some pre-programmed questions in her repertoire, and Ma was studying the ...
