While the United Nations Millennium Declaration identified principles and treaties on sustainable development, including economic development, social development and environmental protection it continued using three domains: economics, environment and social sustainability. More recently, using a systematic domain model that responds to the debates over the last decade, the Circles of ...

History. The principles of Catholic social teaching, though rooted in the Old Testament custom of the Jubilee, first began to be combined together into a system in the late nineteenth century. Since then, successive popes have added to and developed the church's body of social teaching, principally through the medium of encyclical letters.: Rerum novarum ...
