Economics (/ÉkÉnÉmÉks, iÉkÉ-) is the social science that studies the production, distribution, and consumption of goods and services.. Economics focuses on the behaviour and interactions of economic agents and how economies work. Microeconomics analyzes basic elements in the economy, including individual agents and markets, their interactions, and the outcomes of interactions.

A production "possibility frontier (PPF) or production possibility curve (PPC) is a curve which shows various combinations of set of two goods which can be produced with the given resources and technology where the given resources are fully and efficiently utilized per unit time. One good can only be produced by diverting resources from other goods, and so by producing less of them.
