Many neurologists also have additional training or interest in one area of neurology, such as stroke, epilepsy, neuromuscular, sleep medicine, pain management, or movement disorders. In the United States and Canada, neurologists are physicians having completed postgraduate training in neurology after graduation from medical school. Neurologists complete, on average, about 8 years of medical ...

Neurology - Wikipedia

The neurobiological effects of physical exercise are numerous and involve a wide range of interrelated effects on brain structure, brain function, and cognition. A large body of research in humans has demonstrated that consistent aerobic exercise (e.g., 30 minutes every day) induces persistent improvements in certain cognitive functions, healthy alterations in gene expression in the brain, and ...

CHAPTER 1 Introduction to Proactive Classroom Management 5 THE PURPOSE OF EDUCATION How a teacher approaches classroom management—the priorities and techniques he or she uses—depends on his or her goals. If the purpose of classroom management is to elicit compliance, the methods chosen will reflect this choice.

Introduction to Proactive Classroom Management

If you have lower back pain, you are not alone. About 80 percent of adults experience low back pain at some point in their lifetimes. It is the most common cause of job-related disability and a leading contributor to missed work days. In a large survey, more than a quarter of adults reported ...
