SP09 cs294 lecture 25 -- question answering.ppt

a question answering system based on semantics and reasoning. We must not be mistaken, question answering systems were at place much before the publication of the book, the story dating back to sixties (Tomek Strzalkowski, Sanda Harabagiu, 2010). Last four decades witnessed the creation of hundreds of question answering systems.

Question Answering System - IIT Bombay

Question answering (QA) is a well-researched problem in NLP. In spite of being one of the oldest research areas, QA has application in a wide variety of tasks, such as information retrieval and entity extraction. Recently, QA has also been used to develop dialog systems [1] and chatbots [2] designed to simulate human conversation.
