Air Pollution and its Control Measures 447 The other choice for an electric utility can be the use of natural gas as a fuel. Fuel switching based on meteorological conditions or air pollution forecasts

Air Pollution and its Control Measures

Indoor air pollution in developing nations is a significant form of indoor air pollution (IAP) that is little known to those in the developed world.. Three billion people in developing countries across the globe rely on biomass, in the form of wood, charcoal, dung, and crop residue, as their domestic cooking fuel. Because much of the cooking is carried out indoors in environments that lack ...

Indoor air pollution in developing nations - Wikipedia

In 1997, the World Bank issued a report targeting China's policy towards industrial pollution. The report stated that "hundreds of thousands of premature deaths and incidents of serious respiratory illness have been caused by exposure to industrial air pollution.

For more practical detail the behavior you wish to continue indefinitely must be defined. For example: Environmental sustainability is the ability to maintain rates of renewable resource harvest, pollution creation, and non-renewable resource depletion that can be continued indefinitely.. Economic sustainability is the ability to support a defined level of economic production indefinitely.
