

study smarter not harder pdf

Why is it that some students study really hard, but aren't the best in their age group or get "only" average grades? And why is it that there are other students who do not even invest half the amount of time and effort into their studies, but get good or even outstanding results?

Historical perspectives. Prior to the 20th century, it was a commonly held view that men were intellectually superior to women. In 1801, Thomas Gisborne said that women were naturally suited to domestic work and not spheres suited to men such as politics, science, or business. He stated that this was because women did not possess the same level of rational thinking that men did and had ...
