Managing Insider Risk through Training & Culture

A data breach is the intentional or unintentional release of secure or private/confidential information to an untrusted environment. Other terms for this phenomenon include unintentional information disclosure, data leak and also data spill. Incidents range from concerted attacks by black hats associated with organized crime, political activist or national governments to careless disposal of ...

Data breach - Wikipedia

Breach of contract is a legal cause of action and a type of civil wrong, in which a binding agreement or bargained-for exchange is not honored by one or more of the parties to the contract by non-performance or interference with the other party's performance. Breach occurs when a party to a contract fails to fulfill its obligation as described in the contract, or communicates an intent to fail ...
